

COOKING AND FOOD EXPLORATION CLUB AT WYANDOT ECS!

Who We Are

New Leaf Kitchen is a non-profit organization on a mission to nourish young minds and bodies through cooking and food education for all.

Enrichment Programs

Our classes offer real-life food experiences to help your child better understand where food comes from, teach them how to prepare it, make healthy eating fun, and encourage food exploration with all 5 senses. Our 'root-up' approach to food education nurtures all aspects of learning - nourishing both minds and bodies.
